How long, you simple ones...?

Proverbs 1

The Seven Pillars of Wisdom are the seven covenants that the Elohim (God) of Israel made with the Holy Seed. These covenants are the foundation of the whole Bible. In fact, these covenants are so important that if one of them is removed from the Bible it would no longer be a complete book. Consider this, have you read in the Bible any covenant that the God of Israel made with the people you go to church with? Can you show an agreement that the God (or Elohim) of Israel made with any other nation other than the Children of Israel? The Seven Pillars of Wisdom are a mystery to most simply because they have not been revealed unto them at this time, but Praise Yahweh for the revelation that comes through Yahshua the Messiah which now gives understanding to them who once did not know. If only people knew who Wisdom is, this mystery would be a lot easier to understand, but he that hath an ear let him hear what the Spirit says unto the churches. Know and understand this, **Wisdom is not Yahweh!**

Proverbs 8:12

Most people can see that America is heading toward a change. This change has nothing to do with Barack Obama, but everything to do with Lucifer's New World Order. The beginning of this "Novus Ordo Seclorum" consists of America, Canada, and Mexico becoming one government under the jurisdiction of the North American Free Trade Agreement. NAFTA was sold to the American people as the answer to many problems which included illegal immigrants, joblessness, and slumped exportation! Since NAFTA, immigration and international outsourcing of jobs has not decreased but, increased. Americans have experienced massive job losses, the stock market has hit drastic lows, and America's debt has risen into the trillions of dollars. NAFTA is the first step in eliminating the sovereignty of America, Canada, and Mexico thereby enjoining them as one nation, the North American Union, fulfilling Jeremiah 51:53-54.

**Go through, go through the gates! Prepare you the way of the people. Cast up, cast up the highway! Gather out the stones.
Lift up a standard for the people. Isaiah 62**

What does it mean to have a manifested destiny? Better yet, what is your manifested destiny? Does it portray a different world than what we live in today, and if it does, what is it like? How about the manifested destiny of the nations and the earth? Maybe your answers to these questions depend on your religious beliefs. If so, are your beliefs centered around the traditions of men? Did you know that each religion has a different manifested destiny of which is subject to the believers' interpretation? Have we actually considered that religion is Satan's tool to deceive man into following a false destiny? So are all these ideas of the future correct? Though research proves that the term religion comes from a Latin word that means to bind or conceal, religions of today make "truth stranger than fiction". Yet the Bible is not a religious book, nor a book full of myths, but a history book with the manifested destiny of God's chosen people, the nations of the earth, and all of creation. If you don't know what nation of people you come from, how can you be sure what you're Manifested Destiny and what your final blessing will be? It is simply a matter of discovering your role in "**The Greatest Love Story Ever Told**".

One can hardly be surprised to hear that the dollar is in crisis! The dollar has been steadily sinking in value since 2002, yet the real dollar crisis began in late 2008. No one noticed at the time because everyone was too caught up with bailouts, a crashing stock market, Lehman Brothers going under and the election of a new President. At the same time, other foreign leaders were quietly plotting. They were secretly planning to use this worldwide financial mess to replace the U.S. dollar as the world's reserve currency. China lead the way. In December 2008, Chinese officials started making secret, back-room deals with leaders of foreign nations. The purpose? World officials want to start trading goods in their local currencies. Leaders have been making noise about replacing the dollar as the world's reserve currency for the past few years. Robert Pastor, professor at American University, teaches a course entitled "North America: A Union, A Community, or Just Three Nations?" He is a leading intellectual force in the movement to create an EU-style North American Community. He believes a new 9/11 crisis could be the catalyst to merge the U.S., Mexico and Canada. In such a case the Security and Prosperity Partnership of North America, SPP, could develop the three North American countries into a continental union, complete with a new currency, **the amero**, that would replace the U.S. dollar just as the euro has replaced some of the national currencies of Europe.
